

Fast Food. Debit Cards. Overnight Delivery.

# Shouldn't your health plan move as fast as the rest of your life?

NOW IT DOES...ON **WELLMARK.COM**

Through *BlueConnection*<sup>SM</sup>, a package of new online services we've added to our Web site, you can access your health plan information—anywhere, any time.

## New Online Self-Service Tools

Check to see if your claims have been paid or view your claims history. Access a summary of your benefits – to double-check deductible or out-of-pocket amounts— or view your membership information. These new **BlueConnection** tools are available on *Wellmark.com*.

And that's not all. Our new pharmacy portal, **mypharmacy@wellmark**, is a useful source for comprehensive medical and pharmacy information. It provides you with a drug dictionary, a drug-to-drug interaction checker, and other services, including the capability to fill and refill mail order prescriptions. But the most powerful tool is perhaps Prescription History – which provides you with your personal prescription drug history. Similar to the health claims **BlueConnection** tool, this feature gives you a comprehensive record of your prescriptions – including a complete record of estimated retail costs, your out-of-pocket costs and cost comparison information.

Log on to *www.wellmark.com* and sign up for BlueConnection tools today. Our online tour will walk you through the registration process in just a few minutes. After you select your password – you're on your way.
